Greetings,

The fall and winter seasons have been very exciting in Burrillville. We have seen championships from our high school's unified volleyball team and football team as well as awards for sportsmanship and multiple winning seasons from teams throughout the town. Our high school band and choir traveled to Disney in Florida and put on some excellent performances. As always, our students make us proud.

This fall we also had an election resulting in two new members of the Town Council: Councilor Jeremy Bailey and Councilor Raymond Trinque. They are both positive additions to our Town Council. Hopefully you attend some council meetings in the future to support our efforts. Meetings are held on the second and fourth Wednesdays of each month.

Your current, as well as previous, Town Council members are committed to keeping Burrillville the safest, healthiest, and most environmentally sound place to live and raise a family. We are committed to keeping the CREC out of our town. As of this writing, further advisory opinions have been requested by the EFSB. I would like to thank the many members of our town who have been fighting against the CREC Project. Their efforts have resulted in 33 cities and towns in RI, three border state communities, and over 60 organizations supporting our opposition to the CREC.

I would like to make note of some wonderful happenings in our town. First, the Assembly Theatre is alive with drama, concerts, and full feature movies. Please "like" the Theatre on Facebook or sign up for email messages at [boa@burrillville.org](mailto:boa@burrillville.org). Second, the long-planned revitalization of Pascoag is underway. So far, it's marvelous! Last, please consider buying an individual or family pass for access to Spring Lake Beach. For those who haven't been, you will be pleasantly surprised by the clean, fun, family-oriented surroundings.

As always, I would like to thank all of the members of the Burrillville Prevention Action Coalition. This group consists of members from the police and fire departments, schools, healthcare, and concerned citizens. This group does exceptional work combatting drug and alcohol abuse in our schools and community. BPAC meetings are held on the first Wednesday of each month in the Wallace F. Lees Safety Complex. ALL are welcomed.

I wish everyone a safe and restful summer and hope to see you around our beautiful town.

Go Broncos!

What an interesting and challenging year. Despite the local turmoil, your town government is still moving forward in a positive direction. Fitch upgraded our financial bond rating to AAA. Downtown Pascoag is getting a long needed upgrade. A new public works facility will be breaking ground on Clear River Drive. The Council is looking to expand our economic development program into Nasonville. If you want to see what we are doing, please review the Town Council's recently updated goals, objectives, and legislative agenda document! This can be found on the town's website: <http://www.burrillville.org/town-council/files/town-council-2017-goals-objectives-and-public-policy>

## **Eliminate the Motor Vehicle Tax?**

This year at the State Legislature there are competing plans to eliminate or reduce the motor vehicle tax. The Governor has proposed a partial repeal and thus far rumor has it that the Speaker of the house wants a full repeal phased-out over a number of years.

Before I go into details, it's important to note that this is not the first time this has been attempted. A similar phased-out approach enacted in 1998 failed because the State Aid that was promised (by the legislature) to replace the revenue lost at the local level could not be sustained by the state. That program was suspended by the state which, in turn, resulted in local tax increases when the state revenue stream collapsed during the recent recession. Another important point to note is that the earlier attempt also froze the motor vehicle tax rate for every city or town, which removed flexibility a city or town had to lower motor vehicle taxes at the local level.

In general, any tax cut is a good tax cut! That being said, the state also has a state mandated annual tax cap for revenue that a city or town has to meet. Both the Governor and Speaker's plans pledge future state revenues to replace whatever revenue is lost at the local level. According to estimates, the state will need \$220 million to fully reimburse all cities and towns.

As with anything of this nature, the devil is in the details. It doesn't matter which plan (or variation) is adopted. Local taxpayers will be impacted if the state does not have the money to cover the cities and towns. If the amount of money lost is large enough, as is the case in Burrillville,

the tax cap law could be a negative or complicating factor. The same outcome as the last failed effort would definitely be in play. This is important to remember for the future!

So, let's be practical. If either plan is enacted, Burrillville residents will get a local tax break (about \$232 for a vehicle of average value). However, State Aid is also paid for by Rhode Island taxpayers so someone will be paying the bill.

If the State Aid dries up before full enactment or sometime in the future, the burden will shift to the cities and towns either in the form of a local tax increase and/or a combination of tax increases and service/education cuts in order to comply with the state's tax cap law.

Bottom Line: If elimination (full or partial) of the motor vehicle tax or a phase-out plan is enacted this year, enjoy the tax break while it lasts! And, that's a good thing!

### **Solar & Renewable Projects**

There is massive push to promote solar project construction throughout the state, including Burrillville.

On the surface, the idea of promoting renewable energy projects such as wind or solar sounds good. And, conceptually I understand and support the concept. However, in a rural community like Burrillville, whose own rural character and maintaining open space are very important, it is very critical that the town move carefully!

Given what I know about our town, I'm sure that if large-scale commercial solar farms or wind turbines start popping up in our scenic and rural areas, there could be a backlash. I've seen political fads come and go. If the town doesn't look at this long-term and properly manage how these type of projects are sited in our community, it could have a serious impact on what we want our community to be – both short and long-term. I don't think many of us want our rural fields and green space next to our homes or our open space to be compromised by an unsightly renewable energy facility.

The Planning Board and Town Council are working on solutions. There is a balance and it's very important to make sure that balance is achieved.

### **Did you Know?**

Over the years, the town has modified its zoning to allow a number of non-conventional uses for our property owners. A few of these are as

follows:

**Home Occupations:**

A *home occupation* is an occupation defined as an accessory use in a single-family dwelling, or a customary accessory building on any residentially developed lot in Town. A home occupation may include, but is not limited to, the following:

- Technology based services (telephone marketing, computer network services)
- Dressmaking, tailoring
- Handicrafts, woodworking
- Fine arts (painting, sculpturing, photography)
- Musical instruction (no more than two students concurrently)
- Professional services (accountant, engineer, architect, lawyer or other recognized professional person).

**Accessory Family Dwelling Units:**

An *accessory family dwelling unit* provides for quasi-independent living spaces within single family homes to allow accommodations for additional family members. These living spaces are most often referred to as “in-law” apartments. The accessory family dwelling unit must be located within a single family dwelling and must be a subordinate part of it, limiting the space to no more than 800 square feet of building area in any *residential zoning district*.

**Mixed Use Buildings:**

A *mixed use building* is a structure with a commercial use that allows for a single, residential dwelling, or multiple dwelling units, within a commercial building, in addition to the commercial use. A single dwelling unit is allowed by right within the *village and general commercial districts*. Multiple dwelling units may be allowed by special use permit in *general commercial districts*. Each dwelling unit shall contain a minimum of 600 square feet of space, and property owners have to provide proof of adequate off-street parking for the residents of the dwelling unit (s).

**Mix-Use Tax Stabilization (Rhode Island General Law §44-3-9.3)**

Last year the Town Council was successful amending its tax stabilization law to add mixed-use properties.

Originally this law only provided tax stabilization for commercial and manufacturing facilities. Included are incentives for new construction, replace, reconstruct, expand or remodel existing buildings, etc.

As mixed-used properties are important to the make-up and future development of our town, the Town Council decided to include these properties (and long-time Burrillville property owners) in the program. The state approved the Town Council's initiative in June of 2016.

The town is looking to improve on and to expand property uses that meet today's changing world and quality of life. New ideas to meet your challenges and the changing live/work environments are being considered.

### **Spring Lake Beach**

Have you been to Spring Lake lately? We have worked hard to make a wonderful family-friendly facility and a local destination. Judy and Andrea have added family amenities this year. Please consider a resident family pass—it's very affordable and lets Burrillville families use the facility whenever they want!

In that spirit, spring is here and the summer is coming. The Patriots won the Super Bowl and the Red Sox are poised for another World Series run! Enjoy the summer!

*Burrillville is a beautiful  
place to call home!*

Returned mail is re-mailed if a new address can be identified. If you move, please contact the tax assessor's office to update your mailing address.

If a block is placed with the DMV, ALL motor vehicle taxes under your name must be paid in full by cash, money order or credit card. A personal check will delay the release by 10 business days. Note, the registration block may take up to 48 hours to be released by DMV after the request for release is made.

If you move, it is imperative that you contact the DMV and the Tax Assessor's office to update your address. All tax bills are mailed out by the 2<sup>nd</sup> week of July each year. If you do not receive a bill, please contact the Assessor's Office.

## **Burrillville Redevelopment Agency**

### **James Langlois, Chairman**

---

#### **Downtown Pascoag Redevelopment District**

The Burrillville Redevelopment Agency is very excited to see the Downtown Pascoag Redevelopment District projects come to life. After years of study and planning, developing partnerships, and perseverance, construction of new buildings are under way and being prepared to house much needed services for our community.

⇔ 74-84 Main Street at street level will feature two units that will provide complimentary medical services to WellOne Health Care as well as anyone else who requires such services. Unit 1 consisting of 1472 sq. feet is to be occupied by Tollgate Radiology and will provide diagnostic imaging services such as CAT Scan, Mammography, X-ray and Ultrasound. Landmark Medical Center located in unit 2 which is 1295 sq. feet will offer a variety of medical specialists providing the following services: Cardiology, Gastroenterology and Orthopedics with different services being provided on different days of the week. Other services may be added as the need arises. A common area will consist of check in offices and waiting area. It has always been part of the Redevelopment Agency's plan to create environments that attract services that were lacking in Burrillville and surrounding communities. This is the beginning of achieving that goal.

A foot bridge over the Pascoag River has been installed behind this building so that pedestrians may easily connect to the Riverwalk and WellOne's main facility on the Bridgeway and Sayles Avenue. The Riverwalk also provides access to Gonyea Park, CVS and other area businesses. NeighborWorks

Blackstone Valley will provide five (5) affordable housing units on the upper levels.

⇔ Directly across the street will be 75/81 Main Street / 28 Park Place. providing several commercial retail / Professional space units that will be available to rent. With increased visits to the area, these store fronts represent an opportunity to be located in the center of activity in Downtown Pascoag. Leasing details will be available later this year. Ample available parking for both buildings is to be provided. Upper levels will also feature sixteen (16) affordable housing units from NeighborWorks.

***The BRA much appreciates the efforts of our partners NeighborWorks Blackstone Valley and WellOne Primary Health & Dental care. These redevelopment projects combined with private investment in the area are setting the stage for a bright future in Downtown Pascoag.***

#### **Nasonville Redevelopment**

Last year the BRA reviewed the former Nason Mill site at the intersections of Route 102 Broncos Highway and Route 7 Douglas Pike as a potential redevelopment district. Area residents and business owners attended two workshops facilitated by New England Economic Development Services Inc. to discuss and analyze potential future uses. In doing so, many ideas were brought forward such as residential, retail, live work space and recreational use. Various needs of greater Nasonville Village were also identified. Still in the early stages, we will continue to work with the Burrillville Town Council to create a Redevelopment Plan that can be implemented successfully.

Whether it be rehabilitation of existing buildings, new construction, housing, parks, or recreation space such as the Bike Path and the Stillwater Mill Pavilion, bringing projects to the Town of Burrillville that improve the quality of life for its citizens is always a priority for the Redevelopment Agency. We will continue to move forward to improve and revitalize our community.

[burrillvillefma@gmail.com](mailto:burrillvillefma@gmail.com)

***We will begin our 2017 market season on Saturday, May 20th, 9:30 to 12:30, at our Farmers Market Pavilion, in the Stillwater Mill Commons, 75 Tinkham Lane, Harrisville. This year, as requested, we are adding a weekday market on Thursdays beginning on June 14th 4:15 to 7:15 p.m. The Thursday market will be at our original location, The Burrillville Town Common, Main Street, Harrisville. Join us at either or both markets!***

We hope you enjoyed the premiere screening of *The Seed, The Untold Story* at the beautiful Assembly Theatre last year. Thank you for attending and helping us raise funds for The Burrillville Weekend Snack Program, as well as raising awareness of our fragile food system.

The Burrillville Farmers Market is a nonprofit organization, whose mission is to improve the promotion and marketing of agricultural products in the town of Burrillville and our surrounding communities. The market's goal is to nurture community appreciation of the consumption of wholesome, local foods, natural products and art in a lively neighborhood setting. By supporting local farmers and artisans, we hope to preserve farmland and the quality of rural life in our beautiful Burrillville community.

The Burrillville Farmers Market Association encourages a greater sense of community through fostering local business development, as well as providing educational opportunities for the entire family. We are striving to bring a diverse shopping experience, and to create a community gathering place filled with energy. We hope you'll join us to reduce our carbon footprint and encourage a sustainable food system and lifestyle right here in Burrillville!

With several of our original farms still participating & many new farms & artisans who have joined us, we are mindful that we couldn't do this without the continued support of our Burrillville community. We look forward to sharing a season long celebration of all things good & plentiful.

URI Master Gardeners will once again be providing us with free seeds to distribute, with an emphasis on Heirloom seeds, which are so important to insuring our future food supply.

We will have a wide assortment of fruits, vegetables, herbs, eggs, honey, jams, soaps, rubs, plants, baked goods, and art. We hope to have local musicians who share their talents every week! We welcome many community groups and organizations to the market, to raise awareness of their missions.

Everyone is encouraged to enjoy our gardens alongside the pavilion. These gardens were created through the efforts and donations of our Vendors, Friends, Burrillville DPW, Seven Hills Rhode Island and Roots and Shoots Nursery. We are thrilled to see how these gardens have evolved through the combined efforts of so many hands, especially Gail and Al Bettencourt who both work tirelessly to keep them in top shape! Please take some time to enjoy them!

We will once again be joining the Town of Burrillville, Parks and Recreation Department, Pascoag Utilities, and the Jesse Smith Library on several occasions to bring you some special events, such as the Family Fair on June 17th and The Green Fest on September 9th. To stay informed of all our upcoming events, check out our website, look for our Bargain Buyer ads!

We hope you'll come to our market and bring your family, meet up with friends and reconnect with the cycles of nature. We invite you to meet the farmer who so lovingly grows your food or bakes the bread, using ingredients they've grown! Listen to some fine music, purchase that unique gift from the artist who created it and most importantly be a part of our wonderful rural community!

We accept Credit/Debit, EBT (Bonus Bucks!), WIC, Senior Farmers Market Nutrition Coupons (available at the market) and Cash!

***Come share your creative energy, there are so many ways to be involved!***

Opportunities are available for Vendors, Volunteers, Musicians, Community Service, etc.

## **Burrillville Historical and Preservation Society**

16 Laurel Hill Avenue, Pascoag, RI 02859

Phone: 568-8534

email: [bmencucci@verizon.net](mailto:bmencucci@verizon.net)

The Burrillville Historical & Preservation Society's mission is to preserve and protect Burrillville's history. The Society meets on the 4<sup>th</sup> Tuesday of each month at 7:00 p.m. at its headquarters, the Bridgeton School in Pascoag. This 1897 schoolhouse serves as a repository for a collection of photos, documents, histories, scrapbooks, cemetery information, clothing and artifacts. The schoolhouse is open during monthly meetings, special events and by appointment. If you have old photos you'd like to share, we can scan them and return your originals.

**Events** Did you know that Saturday, April 15 is Historic Cemetery Restoration/Awareness Day in the State of Rhode Island?" The historical society will celebrate this day with an event at the Riverside Cemetery (opposite the Harrisville Fire Station) from 9 a.m. to noon. Come with a rake and brush loppers and please join us in helping to clean this historic graveyard. There will also be a demonstration on the correct method to clean gravestones and we will be performing gravestone conservation on some stones that morning, weather permitting. This work will take place in the Bathsheba Sherman lot. You are welcome to come and observe or help. We will also have information about the location of Burrillville's 130 cemeteries, as well as their condition.

Thanks to a Rhode Island Foundation Centennial Grant, the historical society is installing two interpretative signs in Harrisville. One sign will be located near the gazebo and will contain information about Austin T. Levy. The second sign will be located below the Assembly near mill pond and will contain information about Harrisville's early history and William Tinkham. To celebrate, we will hold an event in May at the First Universalist Church, 134 Main Street, Harrisville. The celebration will include a slideshow and exhibits of the history of the Harrisville Mill, walking tours of Harrisville and exhibits on Austin T. Levy.

**Volunteers Needed** We are always looking for volunteers to help us with cemetery cleanings. The work involves cutting brush, weed-whacking and raking leaves. This is a great opportunity for high school students to get their community service hours for graduation.

**CHANGES IN MUNICIPAL COURT DATES:** The Burrillville Municipal Court now convenes the first and third ***Mondays*** of each month at the courtroom located within the administration building of the police department. The phone number is 401-568-9494, Ext. 5. Fines may be paid in person at that same location, Monday through Friday from 8 am to 4 pm. The mailing address for the Burrillville Municipal Court is P.O. Box 419, Harrisville, RI 02830. A flyer with more information can be viewed on the police department website at [www.burrillville.org/police](http://www.burrillville.org/police) under the Municipal Court heading. We also have a secure deposit box for Municipal Court payments in the dispatch area of the police station so payments may be dropped off any time of the day or night.

**NEW E-COMMERCE SAFE ZONE:** The Burrillville Police Department would like to remind the public of an E-COMMERCE SAFE EXCHANGE ZONE located at the Wallace F. Lees Public Safety Complex, 1477 Victory Highway, Oakland. With the ever-increasing number of people buying, selling, and exchanging goods through popular sites such as eBay, Craigslist, and Facebook, the Burrillville Police Department provides a safe place for citizens to facilitate their transactions and exchanges of merchandise. There are two locations at Police Headquarters for these safe exchanges, both of which are marked with signage designating them as such, and which are monitored by cameras:

- South front parking lot, adjacent to the impound fence.
- Inside the front lobby of the police station.

Please note that no appointments are necessary and you do NOT need to check in with the department when making an exchange. Also note that the Burrillville Police Department will not engage or assist in these transactions, nor will they authenticate payments or exchanges of merchandise. If you have any questions regarding this new E-COMMERCE SAFE EXCHANGE ZONE, feel free to contact BPD at 401-568-6255.

**WEBSITE & FACEBOOK:** If you are on Facebook, please take a moment to look us up and “like” our page. We are striving to keep this page updated with submissions of weekly police logs and photos, as well as immediate announcements such as weather conditions, road closures, missing persons, etc. This page also gives you another avenue to contact this department with posts or private messages. Our website: [www.burrillville.org/police](http://www.burrillville.org/police) is the place to go for general information about programs and happenings as well as access to many downloadable forms. The website is also updated regularly, so take a moment to look us up and add our website to your favorites list.

**CITIZENS POLICE ACADEMY:** The 2017 Burrillville Citizens Police Academy is underway!. Applications for this fun, educational, interactive program for adults (and young adults with parental permission) are being accepted now. Seats fill fast and are given on a first-come, first-served basis. Next year’s class is expected to begin in March of 2018. Pick up your application at the police station or go to our website [www.burrillville.org/police](http://www.burrillville.org/police) under “downloadable forms.” More information is also available on the website under “community policing programs.

**CODE RED SYSTEM:** The Burrillville Police Department occasionally sends out notifications to town businesses and residents through a telephone calling system known as CODE RED. Code Red messages can be sent out for various non-emergency situations such as to notify you of a sex offender residing in your area or to inform you of programs or initiatives run by this department. Information on emergency situations such as an Amber Alert for a missing child can also be disseminated through a Code Red announcement. What we have used it the most for, however, is notifying and updating the people of Burrillville regarding threatening weather conditions such as hurricanes and blizzards. It is very important that we keep the Code Red list up to date. You can help by accessing the Code Red database yourself to be sure the information on your family or your business is accurate. You can also add cell phones to receive either voice messages or texts, and add email addresses to receive messages. To access the database, simply go to the Burrillville website at [www.burrillville.org](http://www.burrillville.org) and you will find the Code Red link under the “Residents” tab on the top of the page. The instructions are easy to follow. There is also a link to Code Red under the “Sign Up” tab on our Facebook Page.

We appreciate your cooperation in helping us make the most of the Code Red program.

**B-SAFE PROGRAM:** We would also like to remind you once again of a program we run called B-SAFE, which stands for BURRILLVILLE SECURITY & AWARENESS FOR THE ELDERLY. The objective of this program is to make the police department aware of elderly, handicapped, or medically fragile individuals who live in town and may need some extra assistance. It works like this: you fill out a one-page BSAFE form with pertinent information on the subject you'd like to enter into the program. This form can be picked up at Burrillville Police headquarters any time, 24 hours a day, or printed from the "downloadable forms" section of our website: [www.burrillville.org/police](http://www.burrillville.org/police). Once the form is received back at the station, you will receive a call from Lisa Rabideau, Program Coordinator, to go over the specifics. All data from this form will be entered into our computerized dispatch system, so that whenever a call for emergency services is placed from that residence, dispatchers and officers are immediately aware of any special needs of the person or persons living there. In addition, registrants may choose to receive regular phone calls where we check in and be sure everything is okay. If anything is amiss, an officer can be dispatched to the residence and a family member can be contacted. If you would like more information or need a BSAFE form mailed to you, please contact Lisa Rabideau at 401-568-9494, ext. 1.

**NOTARY SERVICE:** You may not be aware of the fact that many members of the Burrillville Police Department are Notary Publics, and there is normally a notary available every shift, seven days a week. If you are in need of a notary, feel free to stop by the Police Department any time. This service is provided at no charge. Feel free to call 568-6255 before you come to the station to be sure there is a notary on duty and available.

**VIN CHECKS:** If you have purchased a used vehicle that is a 2001 model year or newer and has an out-of-state title, or you are transferring a vehicle registration from another state, a VIN check verification is required before that vehicle can be registered in Rhode Island. For your convenience, the Burrillville Police Department does VIN checks twice a day, seven days a week – from 10 – 10:30 a.m. and 1 – 1:30 p.m. You must bring the vehicle with you to the Police Station during these times, and also must have the **original** out-of-state title and \$10 check or money order made out to the Town of Burrillville. Cash is also accepted for VIN checks but you must have the exact amount.

**RECORD CHECKS & FINGERPRINTS:** Many prospective employers now require state record checks (BCI check) for employees and those positions working with children often require fingerprints and a *national* record check as well. Some volunteer positions may also require these checks. Laws have changed regarding where such checks can be done. Although there are a few exceptions, as a general rule, if a state BCI check only needs to be done, you should get it done through the RI Attorney General's Office. For more information on their walk-in hours, as well as directions on how to obtain a record check by mail, go to their website at [www.riag.ri.gov](http://www.riag.ri.gov) and click on the "criminal records" section. If you need a national record check with fingerprints, call this department at 568-6255 for more information and to make an appointment with a detective. Note that fingerprints being done for school department employees (including sub-contractors of the school department such as bus drivers/monitors and cafeteria workers) cost \$30. Also, please note that NO record checks of any kind are done for juveniles.

**ALARM ORDINANCE:** In 2012, the Town of Burrillville passed an alarm ordinance. Under this law, every building in town (whether business or residence) which has a burglar alarm **must register** with the police department. The ordinance can be viewed on the town website. You can also download an alarm registration form from the website or pick one up at the police station any time. If you need more information, contact the police department at 401-568-6255. Don't wait to get your alarm registered!

**IT IS ALMOST YARD SALE SEASON!** Did you know that posting signs on utility poles, trees, and town property is **prohibited** in Burrillville? Burrillville Town Ordinance Sections 16-74, 16-75, and 16-76 relate to the restrictions and penalties of signage posted on utility poles, shade trees, and town property. What most people don't realize is that, in addition to being unsightly, these postings can create a very real danger to linemen and linewomen working on poles, and can create a distraction to motorists. For the safety of the telephone and electric company workers, our citizens, and others travelling our roads, Burrillville Police officers will be monitoring and enforcing these ordinances. The full ordinances are available for viewing on the Town's website: [www.burrillville.org](http://www.burrillville.org).

*Emergency preparedness is a team sport. Despair is most often the result of ill-preparedness.*

**Hurricane Season**

The hurricane season is fast approaching! Burrillville EMA asks you to please take the time to prepare or check over your home emergency kit, which needs to have adequate supplies for you and your family to be self-sufficient for 72 hours. Additionally, we remind you to please prepare a family plan. Visit <http://www.ready.gov> for a list of home emergency kit supplies and blank family plan forms.

If you have a medical condition that requires electricity, be sure to have a plan in place should you lose power. Again we ask that you be prepared to be self-sufficient for 72 hours. Burrillville EMA (BEMA) is available 24/7/365 to provide any assistance that may be needed at (401)-641-0898.

**Hurricane Warning : Conditions are expected within 36 hours.**

**Steps to take:**

- Follow evacuation orders from local officials, if given.
- Check-in with family and friends by texting or using social media.
- Follow the hurricane timeline preparedness checklist, depending on when the storm is anticipated to hit and the impact that is projected for your location.

**What to do when a hurricane is 6-18 hours from arriving**

- Turn on your TV/radio, or check your city/county website every 30 minutes in order to get the latest weather updates and emergency instructions.
- Charge your cell phone now so you will have a full battery in case you lose power.

**What to do when a hurricane is 6 hours from arriving**

- If you're not in an area that is recommended for evacuation, plan to stay at home or where you are and let friends and family know where you are.
- Close storm shutters, and stay away from windows. Flying glass from broken windows could injure you.
- Turn your refrigerator or freezer to the coldest setting and open only when necessary. If you lose power, food will last longer.

Keep a thermometer in the refrigerator to be able to check the food temperature when the power is restored.

- Turn on your TV/radio, or check your city/county website every 30 minutes in order to get the latest weather updates and emergency instructions.

### **Social Media**

### **EMA Office & Emergency Operations Center**

The Burrillville Emergency Management office is located within the Burrillville Police Headquarters Complex. When extended emergency conditions exist, the Municipal Court/Community Room is transformed to an Emergency Operation Center (EOC) where all management duties including communications, logistics, and documentation are performed.

The EOC is also utilized for pre-incident planning involving representatives of all town departments. The center was activated during the month of February during the State of Emergency declared as a result of Blizzard Juno. EMA personnel staffed the center for 41 consecutive hours working with other town agencies providing assistance as needed to ensure the safety of all citizens.

**Interested in learning more about Emergency Management?**

Burrillville has an experienced staff of volunteers who respond regularly when called upon to assist during emergency situations. If interested in becoming part of our team please contact me at any time at 401-641-0898. Please check the EMA page on the town web site for future messages regarding training opportunities. These trainings are for veteran members of our staff along with those new to the agency.

Welcome Spring! With comfortable weather coming, we are looking forward to allowing our dogs more time outdoors. The spring weather will bring lots of activity at Animal Control.

**Vaccine Information:** We would like to remind everyone to check their pets' vaccinations. Rabies vaccines are required for all dogs, cats, and ferrets. Although Rabies is the only legally required vaccine, other vaccines are important too. There continues to be an increase in canine parvo and influenza activity in Rhode Island. This is a highly contagious virus which is easily transmitted. It is prevented by vaccinating, but is extremely costly to treat and can be fatal to your dog. Lyme and other tick related diseases are also serious health concerns. Protect yourself and your pets from ticks, and check yourself and your dogs after coming in from outdoors.

**Rabies Clinic:** The Annual Town Rabies clinic is being held on Sunday, April 23rd, from 10 a.m. – 12 noon at the Highway Garage on Union Avenue. The cost is \$11 per vaccination (cash only). Dogs must be leashed, and muzzled if necessary. Cats and ferrets must be in carriers. Bring proof of prior vaccination to determine eligibility for a three year vaccine. Ferrets receive a one year vaccine only.

***Reminders:***

-  There is a leash law in effect for dogs. All dogs must be leashed when off the property of the owner.
-  The dog waste ordinance requires that owners clean up after their dogs when off of the owners' property.
-  2017 licenses are now available and can be obtained at Town Hall with a valid Rabies certificate.
-  All dogs must be licensed by April 30, 2017.
-  In absence of a kennel license, a three dog limit is in effect for single family residences. Duplex and multi-family structures are allowed two dogs per unit.
-  RI Animal Cruelty laws prohibit extended tethering or kenneling of dogs. Tethering is allowed for 10 hours per 24 hour period, and kenneling is allowed for 14 hours per 24 hour period. Only veterinarians and Animal Control officials may authorize a waiver of these limitations.
-  Dogs are pack animals and it is important for their emotional health that they be a part of the family. Please be sure that your pet is not tied or kenneled excessively. Also required is an area free of debris and accumulated feces, potable water at all times, and access to appropriate shelter.

**Have you “liked our Facebook page yet?”**

Animal Control now offers a PayPal option for donations! Links can be found on our page on the Town of Burrillville website as well as on our Petfinder.com page and Facebook.

**Spay/ Neuter Clinics for Cats:** Kitten season is on the way. Please ensure that your cat is not contributing to the overpopulation of unwanted pets. RI law requires all cats over the age of six months be spayed/ neutered. Burrillville Animal Control continues to host low cost spay/ neuter clinics for cats on a monthly basis. Services are provided by Dr. Ryan Loiselle of Salmon River Veterinary in their mobile surgery unit, and clinics are held on the shelter premises. These clinics are for cats only, and the cost is \$75 which includes the spay/neuter surgery as well as Rabies and FVRCP vaccines. Registration is made by contacting Salmon River Vet at 401-793-0092, or you may visit their website at [www.rimobilevet.com](http://www.rimobilevet.com). Low cost spay/neuter services are also available through Ocean State Animal Coalition's RI Community Spay/Neuter clinic. This clinic provides discounted spay/neuter services for dogs and cats, with extra discounts for feral cats and pit bulls. For more information, you can reach them at 401-369-7297, or visit their website at [www.oceanstateanimalcoalition.org](http://www.oceanstateanimalcoalition.org).

**Feral Cats:** We continue to have a large feral cat population within the town. Please do not feed stray and/or feral cats. You may feel that you are helping, but feeding these cats without taking responsibility for them only contributes to the problem of overpopulation. It is also illegal. RI law designates the feeder of cats as the legal owner, and therefore that person is responsible for Rabies vaccination and spay/neuter of those cats. If you are feeding a feral cat or colony, please contact us so that we can discuss performing trap/neuter/release services (TNR). Our ability to perform this service depends on the availability of funds. TNR controls the reproduction of the colony while naturally reducing the population through attrition. You also have the option of trap/neuter/release on your own using the low cost services mentioned above.

**Important Information Before Adopting a Pet:** Large numbers of private rescue groups have begun operations in the northeast, many of them transporting dogs and cats in from southern and Midwestern states. We urge you to please do your research when considering adopting from these organizations. Along with the increased importation of animals, RI has seen a significant increase in contagious canine diseases. To ensure that you are adopting from a legitimate group that is following RI State regulations regarding importing and animal health, we recommend that you contact the RI DEM Division of Agriculture – Animal Health Division at 222-2781 to confirm that the organization you are working with is licensed with the State. These laws regarding importation and licensing of adoption groups are in effect to protect adopters, incoming animals, and animals already living here. Sadly,

when organizations fail to follow proper protocols, it all too often results in an adopter ending up with a new pet with serious illness and/or illness transmitted to another pet already in the household. Working with licensed groups will decrease the risk of unnecessary heartache and expense over a newly adopted pet.

**Important safety tips as we all spend more time outdoors**

- ◆ Do not approach stray animals. Please love your own, leave others alone.
- ◆ Avoid all contact with wildlife. Rabies continues to be a serious issue in the local wildlife population. Report any sick wildlife to DEM or Animal Control. All human and domestic animal contacts with wildlife should be reported.
- ◆ Do not feed pets outside, and please do not feed wildlife. Secure your trash as well.
- ◆ Place identification tags on your pets' collars so they can be returned to you if lost.
- ◆ Make sure that your pets are properly secured and have plenty of fresh water available at all times.
- ◆ Be aware of spills of auto antifreeze/coolant. It is deadly to pets.
- ◆ Please take down bird feeders by April 1st. There is no need to feed birds during the spring/summer/fall. Bird feeders attract rodents, which attract larger wildlife, including black bears. Although the birds may be beautiful to look at while using feeders, feeding birds in the spring and summer months can teach the fledgling population to find food at feeders, leaving them uneducated and unskilled at foraging, and putting their lives in danger during winter months when bird feeders are less accessible.
- ◆ Black bears are also here and will be active in the spring/summer/fall months. Bird feeders make for an easy meal. Again, we ask that you take feeders down, and secure your trash. Clean your outdoor grill regularly also as the high fat drippings can attract a bear.
- ◆ **Contact our office at 568-9480 with questions, concerns, and animal-related complaints.**

Animal Control continues to receive a significant number of abandoned animals, some in horrific condition, and they need our help. We are proud to work in a community of such generous and caring supporters, and thank you all for your contributions. Working at Animal Control can be hard on the heart at times, but our reward is seeing debilitated animals recover, and placing as many pets as possible in happy and loving homes. We see a lot of sadness and irresponsibility, and along the way we meet wonderful people who want to help and adopt. It is these peo-

ple who restore our faith and keep us working hard for the animals. Product donations are gladly accepted. Please call to see what items we need most. The shelter will continue to be in need of ongoing cash donations to cover veterinary expenses. These donations are used solely for veterinary expenses so that we may ensure the best outcome for animals in our care, and healthy pets to those who adopt. Anyone wishing to donate can do so in person at the shelter, by PayPal on our website, and by mail to: Burrillville Animal Control, 105 Harrisville Main Street, Harrisville, RI 02830.

Remember, we are not only an enforcement division, we are also here to help. ***Together we can make a difference!***

As the warmer weather approaches, more Burrillville residents will be walking in town. Walking is good for your health, and it's good for the environment too. But before heading out on foot for a stroll, power walk, or errand, there are important safety tips to keep in mind:

- \* Increase your visibility at night by carrying a flashlight and wearing light-colored or retro-reflective clothing.
- \* Wear bright colors when walking in daytime.
- \* It's safest to walk on a sidewalk, but if one is not available, walk on the shoulder and face traffic.
- \* Whenever possible, cross the street at a designated crosswalk or intersection.
- \* Don't assume vehicles will stop. Make eye contact with drivers; don't just look at the vehicle.

The Assembly Theatre, located in picturesque Harrisville, was built in 1934 by mill owner and philanthropist Austin T. Levy. Mr. Levy donated the Assembly Theatre to the Town of Burrillville in 1934 and created the Board of Administration to oversee the building. The Board manages and maintains this historic Theatre to this day. For over 80 years, this lovely venue has opened its doors to thousands of visitors for plays, movies and performing artists. Recently, a new state-of-the-art projection system, as well as sound systems have been installed, utilizing some of the advances in technology that Mr. Levy himself had the foresight to install so many years ago.

### Recycling News

#### Changes to Recycling

Rhode Island Resource Recovery (RIRRC) has announced some changes to the Recycling Program involving shredded paper and large cardboard. These changes are due to issues these items are causing with the machinery that sorts the recyclables. Effective immediately:

**Shredded paper** *is no longer allowed* in the yellow lid recycle cart.  
Please dispose of shredded paper in your black lid trash cart.

**Cardboard** pieces placed in your yellow lid recycle cart must be *no larger than 3' x 5' in size*. Larger pieces of flattened cardboard can be brought to the Whipple Ave Recycling & Compost Facility and placed in the Cardboard Dumpster.

**A reminder that plastic bags are NOT allowed in the recycle cart. No bags, no bags of bags, and no bagged recyclables.**

## Recycle Rate Update

Burrillville's current recycle rate is 29.9%. Residents continue to do a great job, however there are many items still ending up in recycling carts that are not recyclable. Recycling loads that are contaminated or contain prohibited items may be rejected at the MRF. A rejected load costs the Town \$250, and all the contents of that load must be land-filled at \$32/ton. No one wants this to happen! While nobody's perfect and mistakes happen, please do your part to keep the following items (all seen recently in the recycling) OUT of your recycling bin:

*Food, leaf and yard debris, construction and demolition debris, clothing, textiles, and tarps, plastic bags, recyclables IN plastic bags, diapers, tires, chains, cables, wires, ropes, hoses, household hazardous waste, propane tanks, scrap metal and paint.*

Please take the time to review the list of accepted items and contact the Recycling Coordinator with any questions. For any questions on the Do's and Don'ts of recycling in RI, please visit [www.RecycleTogetherRI.org](http://www.RecycleTogetherRI.org), or call the Town's Recycling Coordinator at 568-4440 x500 or [ahall@burrillville.org](mailto:ahall@burrillville.org).

Burrillville has made great strides in recycling, and we continue to research ways to increase our recycling rate. Currently we are focusing our efforts on increasing recycling in our schools, parks and fields, and raising awareness of roadside litter. Thank you for helping to Keep Burrillville Beautiful! Thank you for recycling!

**Field Trips** - It's not too late to book a field trip to the landfill to see how the single stream sorting process separates our Town's recyclables. Field trips are free! If you would like to book a field trip for your school or group please contact Andrea Hall at 568-4440 x12 or [ahall@burrillville.org](mailto:ahall@burrillville.org).

Recycling saves the town money! The more we recycle, the less trash we generate, and the less trash we have to tip at the landfill at a rate of \$32/ton.

The Central Landfill is running out of room. If we don't start taking more recyclables out of the waste stream it is estimated we will only have enough space in the landfill for another 22 years. When the landfill is full, Rhode Island municipalities will have to bring our Solid Waste elsewhere at a rate of approximately \$96 per ton.

## BOY SCOUTS OF AMERICA "Be Prepared"

---

**Cub Scouts** is a program for kindergarteners through fifth graders that teaches while having fun, focusing on character development, teaching practical skills and enhancing their community spirit. Cub Scouts are made up of Den's (groups of boys) for each grade. They meet once a week during the school year and then get together for a Pack meeting once a month to show what they've learned and receive their awards. There are two Cub Scout packs in town.

Cub Scouts are run by trained volunteers and is a wholesome, worthwhile program for any male youth. For more information about Pack 1 Pascoag, please contact Florence Stevens at 401-568-0395, or by email at [newtfla@cox.net](mailto:newtfla@cox.net). A Scout is trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean, and reverent. They are taught skills of the world around them by earning merit badges.

Boy Scouts are grouped by rank, not by grade. All boys start off as a Scout, then advance to Tenderfoot, Second Class, First Class, Star, Life and Eagle Scout. The Troops are separated into groups of similar ranks and skills, called Patrols. All the boys meet once a week and have a "Court of Honor" 3 times a year where they are recognized and are presented their awards.

You can always find something new to do at our library. We offer a wide array of programming and materials to lend for patrons of all ages. You can find story times, adult crafts, books, DVDs, computers, wireless printing, E-Books, and a whole lot more every time you visit. Come check out all we have to offer at our beautiful building by the river.

**Spring and Summer at the Library:** We have tons of programs planned throughout spring and summer. Join us on April 8 as we celebrate the annual **Rhode Island Library Day**. The Jesse Smith Library is joining libraries across the state in raising awareness about the wonderful things Rhode Island libraries are doing and how Rhode Islanders benefit from their libraries. We will be celebrating the day with a visit from bunnies, chicks and goats from Morning Beckons Farm from 10:30 am to 12:00 pm. We also will have giveaways throughout the day.

**The Children's Department** is offering programs every day from Monday to Saturday through the spring. We are holding traditional story time sessions for ages birth through preschool and family playgroups as well. Our popular Science Club continues for ages 7 and up. Our Pokémon Club meets every Tuesday, and Lego Club is ongoing throughout the year on most Tuesdays and Saturdays. Our monthly Monday night Pajama Storytime will run throughout the spring. The increasingly popular Monday Music and Movement program goes through May.

Project Chick returns in April. Historic New England's Casey Farm in Saunderstown presents an hour-long program about how chickens are raised at Casey Farm, what they eat and what precautions are taken to protect them from predators. Children learn about the life cycle of chickens, get to hold and touch a variety of eggs from hummingbird to ostrich, observe and

touch a live Dominique chicken and learn how to properly hold a baby chick. After the program, we receive eggs to hatch at the library. The chicks will start hatching in May. Come visit them before they go back to the farm.

We are hosting Steere Farm Elementary School's Rooster Games in April. This event consists of games and activities about the Rhode Island Children's Book Award nominees. All 5th grade students who read at least five of the nominated books are eligible to participate in the Rooster Games. We will have several stations throughout the library, and the students will be eating lunch in our community room.

Our Children's staff will kick off the summer with our annual **Ice Cream and Alpacas** on our Riverwalk on the last day of school. Visit us during the **Burrillville Family Fair** when we start sign-ups for all our summer reading programs. This year's theme is *Build a Better World*. We have tons of exciting programs and reading incentives for children of all ages.

**Teens** have been flocking to the library in search of fun and a place to hang out. Our **Teen Hangout** in our community room provides teens with food, games, crafts and a place to relax. The Teen Hangout is for youth ages 11-17.

Our Teen Hangout Schedule

Monday-Thursday: 2:00 p.m. to 6:00 pm

Friday: 2:00 p.m. to 4:45 p.m.

Ms. Jenn has organized an exciting Library Laser Tag program for late April. This program will be held after hours on a Friday night and registration with a guardian will be required. There will be a Teen Kahoot Trivia Night in May. Through the month of May, we have the following monthly teen clubs: Teen Advisory Board, Crochet with Teens and Tweens, Teen Coloring Club.

Our Teen Summer Reading Program sign ups begin June 17. We will have our annual summer Teen Lock-in as well as many other fun programs including a Teen Paint party, volunteer opportunities and STEM/STEAM programs.

**Adults** have many reasons to visit the library. We continue to offer one-on-one computer help to anyone who asks. If it is a simple question, we can help you right away. If it is more involved, we ask if we can set up a time so we can sit down with you and your laptop for more in-depth assistance. We recently added **wireless printing** to our computer services. Stop by to print from your phone, computer or tablet. Visit <http://tinyurl.com/jmsprint> to upload a document to release on our public printers. You can even upload files from home to pick up later.

If you enjoy researching your family tree, come in and use the **Ancestry** database for free at one of our computers. This online database is an amazing genealogy tool. The Friends of the Library generously purchased this resource for one year. Join us in late spring for a demonstration on how to conduct searches on our Ancestry database. We will go over the basics and give you the skills you need to find your family history.

Did you know you can now borrow fishing gear at the library? As part of a collaborative effort with the Rhode Island Department of Environmental Management, Division of Fish and Wildlife, the Jesse Smith Library now loans out fishing poles and tackle boxes. Please contact the circulation department for more information.

Each month, we hold a new and unique craft program for adults. From paper flowers to Shibori fabric dyeing, you are sure to love our craft activities and the creations we make together. Contact the reference department for more information about our craft for the current month, and to register. Learn something new in a relaxed setting and perhaps meet some new friends.

Ongoing library programs for adults are: **Trivial Pursuit** which is held on Saturdays mornings and the 2nd Tuesday of each month in the library conference room. This free program does not require registration. Be sure and call to confirm that the program is being held.

**The Adult Writing Group** is held every other Wednesdays 6:30-8:00 p.m. This group provides a supportive atmosphere where writers can share ideas and experience with other writers.

**The Thursday Knitting** is open to knitters ages 10 to 100. Held each Thursday from 6:00 p.m. to 7:45 p.m. in the Children's Program Room, the knitters have extra yarn and needles ready for newcomers. Bring your projects to knit, chat and meet new friends.

Our **book discussion group** continues meeting monthly here at the library. A different book is chosen with input from the group and the library leader. Keep an eye on the library's webpage, newsletter and Facebook page for these updates.

Starting June 17, visit to sign up for our **Adult Summer Reading Program**. As always, we will have programs and reading incentives.

March 1, 2017

Dear Parents:

As you may be aware, a plan was approved last spring to redraw the boundary line between Steere Farm Elementary School and William L. Callahan Schools. **The plan will take effect in September, 2017. Students who are currently in the first grade at Levy School will be attending second grade according to the newly-drawn line.**

In order to minimize disruption for students, and families, the shift in the boundary line will occur gradually, over a period of four years, as Levy students transition to their new schools.

**If your child is currently enrolled at the W. L. Callahan or Steere Farm Elementary School, s/he will be permitted to remain in that school through the completion of 5th grade.** However, all students currently enrolled at Steere Farm whose Levy sibling/s will be affected by the boundary line shift this September **may join their younger siblings at WLC by parent request.** Such requests should be directed to me in writing as soon as possible and prior to the end of the current school year.

A copy of the newly-drawn boundary map and affected streets are listed on the Burrillville School Department's website: [www.bsd-ri.net](http://www.bsd-ri.net). Each elementary school also has a copy of the map and affected streets.

If you have any questions regarding the redistricting plan, please contact Julie Mayhew, Director of Curriculum, Instruction, and Assessment, at the Administration Building at [mayhewj@bsd-ri.net](mailto:mayhewj@bsd-ri.net) or 401-568-1301.

Sincerely,

A handwritten signature in black ink, appearing to read "Frank Pallotta".

### **HISTORY**

The Pascoag Public Library was the first library in the town of Burrillville. It was founded in 1871 by a group of women who called themselves the Pascoag Union Sewing Society. In 1873 they renamed themselves the Ladies Pascoag Library Association, appointed a Librarian, and purchased 163 books which were housed in the Librarian's local store. The Library moved four times between 1883 and 1899 when Samuel Mellor offered the use of a room rent free over his mill office on Sayles Avenue where it remained until 1913 when it moved to the Steere Building on Main Street. At this time, charges associated with the loan of books were discontinued and the library became known as the Pascoag Free Public Library.

A bequest of \$500 from Miss Rosamond A. Steere stipulated that the money be used for a free public library building within ten years. This started the building fund which grew through numerous fundraisers and donations. The present home of the Pascoag Public Library at 57 Church Street was erected in 1924. The library is still privately owned by the Ladies of Pascoag Library Association and governed by the Board of Trustees which is still composed of all women.

Pascoag Library is only partially subsidized by the town of Burrillville for operating expenses. All improvements to the property and equipment owned by the library have been obtained over the years through various grants received from sources such as the Champlin Foundation and the Levy Foundation.

Construction of a 36x22 ft. addition to the library was completed in June 2011 which was the 140<sup>th</sup> anniversary of its' founding. In November 2010, Pascoag Library received a \$252,000 grant from the Champlin Foundation and a \$20,000 grant from the Levy Foundation to FULLY FUND this addition. Since Pascoag Library is a privately-owned, tax-exempt entity NO TOWN MONIES WERE INVOLVED; AND THERE IS NO IMPACT ON THE TAXES OF THE RESIDENTS OF BURRILLVILLE.

Pascoag Public Library is an integral part of the history of the town of Burrillville.

## **Pascoag Fire Department Announcement**

---

The Pascoag Fire Department is excited to announce the launch and test trial of a Community Health Integrated Program (CHIP) within the Pascoag Fire District. This program is a new and evolving model of community-based health care in which EMTs/paramedics function outside their customary emergency response and transport roles in ways that facilitate more appropriate use of emergency care resources and/or enhance access to primary care for medically underserved populations. CHIP programs, sometimes referred to as “mobile integrated healthcare programs” or “community paramedicine programs,” are typically designed to address specific local problems and to take advantage of locally developed linkages and collaborations between and among emergency medical services (EMS) and other health care and social service providers and, thus, are varied in nature. Interest in community paramedicine has grown substantially in recent years based on the belief that it may improve access to and quality of care while also reducing costs.

Some of the delivery system problems targeted by CHIP programs include overuse of the 9-1-1 system for social or psychological problems; the need for alternative means to manage patients who do not require transport to a general acute care hospital emergency department; repeat emergency room visits or hospital readmissions due to gaps in care between hospital and outpatient primary care or specialty management; limited or no capacity for short-notice home visits, especially during off hours; and supplementing primary care shortages in underserved areas.

The Pascoag Fire Department recently performed a “community needs health assessment,” the results of which indicate that the common health problems in the Pascoag community are related to mental/behavioral health, drug/alcohol abuse, respiratory illness, and diabetes.

Our mission is to improve the quality of life for our residents by collaborating with Well One Primary Medical & Dental Care and The Fatima Hospital on this program to ensure that the local EMS-related problem areas identified in our assessment are proactively addressed. Depending on the nature of a medical event involving Pascoag EMS, our EMTs may perform home/fire safety assessments, fall risk assessments, medication reconciliations, or education on diseases. Due to the recent opiate epidemic, EMTs may conduct a follow-up for a person that may need access to a drug counselor in order to get that person the proper help that he or she needs. Our agency may also receive referrals from hospitals and primary care physicians to provide these types of services.

If you have any questions; if you would like additional information; or if you, a family member, or a friend may need access to this type of care, please contact Captain Thomas Smith by phone at 401-568-4470 or by email at [thomas.smith@pascoagfire.org](mailto:thomas.smith@pascoagfire.org).

**Remember, in the event of a medical emergency, dial 9-1-1!**
