Burrillville Town Council - Resolution Capital Improvement Program for Fiscal Year Ending June 30, 2015

The Capital Improvement Program resolution adopted March 26, 2014 is hereby repealed and replaced with the following:

The Capital Improvement Program for fiscal year ending June 30, 2015 is hereby adopted. The total appropriation is \$3,968,740, is detailed on the attached "Town of Burrillville Capital Improvement Program Five Year Plan 2015 – 2019", which is incorporated in this resolution by reference.

Included in the total amount to be adopted is an amount of \$897,482, which is to be appropriated to the Reserve for Major Capital Projects Fund.

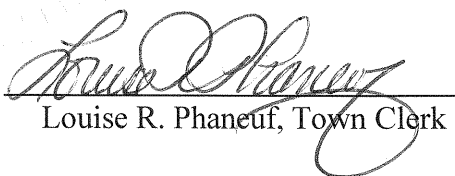

As it relates to the School Department project budget in the amount of \$1,200,538, each project and its estimated cost needs to be itemized and if a project is not approved by the State through the RIDE (Rhode Island Department of Education) program, funding for that project will not be released for use to the School Department in FY2015.

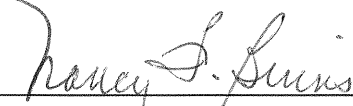

Adoption of this resolution shall have the effect of amending and superseding prior votes related to funding sources for FY2015 School capital improvement projects.

The Capital Budget as presented is adopted and shall be included in its entirety in the annual budget for Fiscal Year Beginning July 1, 2014. The Town may encumber funds against these accounts prior to July 1st. This will allow the Town to enter into contracts prior to the effective date of July 1, 2014.

PASSED AS A RESOLUTION of the Burrillville Town Council this 9th day of April 2014.
