

# JOINT PRE-BUDGET MEETING

**Michael C. Wood, Town of Burrillville**

January 07, 2021

# Introduction

- **Town Council**
- **School Committee**
- **Budget Board**

# Title 16 Education

## Chapter 16-2-21 (excerpts)

(1) The highest elected official of the city or town shall submit to the School Committee an estimate, prepared in a manner approved by the department of administration, of projected revenues for the next fiscal year. In the case of the property tax, the projections shall include only changes in the property tax base, not property tax rates;

# Title 16 Education

## Chapter 16-2-21 (excerpts)

(2) The School Committee shall submit to the city or Town Council a statement for the next ensuing fiscal year of anticipated total expenditures, projected enrollments with resultant staff and facility requirements, estimated enrollment and payments to charter schools, and any necessary or mandated changes in school programs or operations.

# REVENUE PROJECTIONS

# State Revenue and State Aid

- The governor's FY2022 budget release has been postponed until March 2021, so state aid projections and other budgetary impacts will not be known until at least that time.
- If the state cannot support its revenue deficits in fiscal years 21 and 22, there will be significant impacts on cities and towns and their school districts.
- School maintenance of effort (MOE) is not clear at this point of time and could have significant impacts on local taxpayers if the state mishandles MOE.

# State Revenue and State Aid

- Using the last state revenue estimating conference in November 2020, state revenues are projected to be lower by \$400,000,000 to \$500,000,000 in FY2021, impacting FY2022.
- The state is using federal monies to cover its revenue losses in FY2021 and, in turn, state aid to most cities and towns.

# Financial Factors to Consider

# School Surplus

- ❖ As of the close of FY 2020, the audit shows an unassigned balance of \$669,852 for potential use by the School Committee.

**Note:** Because of COVID and federal reimbursements, this number will change! The school administration's number is closer to reality for FY2022

# Unfunded Liabilities

Burrillville is in relatively good shape compared to most RI communities, but we do have exposure, particularly in the school system. Unfunded liabilities and OPEB for the town and schools project to be:

	<u>School</u>	<u>Town</u>	<u>Wastewater</u>	<u>Library</u>

# FACTORS POTENTIALLY IMPACTING FY2022 & BEYOND

# Revenue

- ❖ It's too early in the State Budget process to determine most state aid final projections.
- ❖ Adjustments will be made to the budget as the legislative process unfolds.
- ❖ Don't be surprised if State aid is not known until late May, June or possibility even later due to COVID. 2021 State aid was not known until December 2020 as a result of COVID.

# State Finances

- ❖ The state's financial problems still exist.
- ❖ The state's revenue problems traditionally have become a local problem!

# Motor Vehicle Values

- ❖ The Assessor will not receive the State Motor Vehicle value reports until February.
- ❖ We cannot predict the actual financial impact at this point.
- ❖ The total tax levy includes both real estate and motor vehicle revenue.

**End of Presentation. Thank  
you for your time and  
attention.**
