

**STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS  
ENERGY FACILITY SITING BOARD**

IN RE: INVENERGY THERMAL DEVELOPMENT LLC'S APPLICATION TO CONSTRUCT THE CLEAR RIVER ENERGY CENTER IN BURRILLVILLE, RHODE ISLAND – DOCKET NO. SB-2015-06

**NOTICE OF HEARING**

Pursuant to the provisions of Chapter 42-98 of the General Laws of the State of Rhode Island, in particular Section 42-98-7, and Rule 1.8(a) - (d) of its Rules of Practice and Procedure, **the Energy Facility Siting Board (Board) will conduct a Hearing on Monday, February 6, 2017, beginning at 8:30 AM, in Hearing Room A of the Public Utilities Commission office building, 89 Jefferson Boulevard, Warwick, Rhode Island to hear argument on pending motions to dismiss filed in Docket SB-2015-06.** The hearing may continue thereafter from day to day and from time to time as required; the Board may rule on these motions at the conclusion of the hearing. Oral public comment will not be heard at this hearing.

In an application filed with the Board on October 29, 2015, Invenergy seeks the approval of the Board to site and construct the Clear River Energy Center, a combined-cycle electric generating facility of approximately 850 to 1000 MW, and associated facilities and structures, on Wallum Lake Road in Burrillville, Rhode Island. The plant is intended to fire natural gas as a primary fuel and ultra-low sulfur diesel fuel as a backup fuel. The facility's intended use and size meet the definition of a "major energy facility" pursuant to Rule 1.2(p).

On September 13, 2016, the Town of Burrillville filed a motion to dismiss the application; on September 16, 2016, Conservation Law Foundation filed a motion to dismiss the application. Invenergy has objected to both motions. The Rhode Island Building and Construction Trades Council has objected to the Town's motion.

Docket materials are on file and available for public review at the offices of the Board at the Public Utilities Commission office building and at [www.ripuc.org/efsb](http://www.ripuc.org/efsb). The Public Utilities Commission office building is accessible to the handicapped. Individuals requesting interpreter services for the hearing impaired must notify the Coordinator at 89 Jefferson Boulevard, Warwick, 401-780-2106, at least 72 hours in advance of the hearing.

Todd Anthony Bianco, Coordinator  
Energy Facility Siting Board
