Town Council President

Donald Fox

Greetings,

Another wonderful summer is behind us. Despite some less than desirable week-end weather throughout the past season, I hope that each of you had time to enjoy the summer season with family and friends. Being able to swim, boat, hike, fish, enjoy BBQ's and sit around family campfires are just a few things that we enjoy in the warm months here in Burrillville. I hope that each of you had a chance to do what makes summer fun for you.

As I sat down to put pen to paper for this edition of the Bugle, I was so thrilled to see our children returning to in-person school. Precautions remain in place and while there is disagreement on masks vs. no masks in school, we can all agree that it is wonderful to see children in the schools, playing sports, participating in fall activities, and getting ready for what will hopefully be a fun homecoming weekend. My thanks go out to our teachers, administrators, and staff in the Burrillville School District. They have had a challenging time negotiating continually changing guidance and mandates from Providence.

Despite the challenges faced at the school level, our athletes rose to the occasion this past spring. The BHS Boys Lacrosse and Girls Lacrosse teams both won their respective division titles. The Girls Burrillville/North Smithfield Softball team won their championship as well. The championship parades through Town are such fun to watch and participate in! Our thanks to the local fire districts and Burrillville PD for their support during our displays of athletic pride. Our Boys Tennis and Baseball teams also made it to the championship rounds of their divisions, and while they did not win those games, they had fantastic seasons! The Boys Volleyball team made it to the playoffs and won the Team Sportsmanship Award for the year. We saw outstanding individual athletics in Track & Field, Boys Wrestling and Boys Golf. I would like to offer congratulations from the Burrillville Town Council to all the Burrillville athletes!

Operation Warp Speed vaccinations continue throughout our nation, state, and our community. For local information on Covid-related information, please check the www.burrillville.org website. We continually update the site with relevant information.

Municipal operations have finally begun to approach some levels of "normalcy". Buildings have reopened to greater access to the public. The Town Council has begun to meet in person once again with live participation from our residents. In June, the Town Council passed a budget that is manageable and as always took on this job with a mind to carefully control spending our tax dollars. The cost of doing business, including town business, is always on the rise and it is our job to find ways to save money, control spending and keep property taxes within reason every year. We all remain fortunate to live in a community that is financially well managed.

Charter Review – The Town of Burrillville will be conducting its periodic Charter Review. The Charter is the foundational document for managing, organizing, and running our Town. It is reviewed by the Charter Review Commission every 5 years. Suggested changes are brought to the Town Council for consideration of placement on an upcoming ballot for election year (2022). At the time of this publication, the Commission has been established and will soon organize meetings to solicit ideas for changes and/or improvements to the Burrillville Town Charter. Please check www.burrillville.org, the Bargain Buyer and social media for information on meeting times and dates.

The Assembly Theatre is back in action! Performances and activities are booked up through fall and into early winter. The summer food truck events were successful and an opportunity for so many to come out, enjoy time with each other and hopefully learn a bit about the theatre, its history, and upcoming events. Please visit the theatre's website for more information: <https://www.assemblytheatre.org/>

Let me close with comments on an event that took place a few weeks ago. I had the privilege to see hundreds from our community come out for the 20-year anniversary of the 9/11 terror attacks. Once again, I was struck with a feeling of fortune for living, raising my family and keeping my business in this wonderful town. The event was held at Firefighter Memorial Park, across from the Harrisville Fire Department. Some of you may not be aware that a 13-foot-tall piece of steel from the World Trade Center now stands in that park as a memorial to those who perished while trying to save others from the two doomed buildings. As we sat and listened to the stories of horror, loss, and death from that fateful day, I was humbled to feel an underlying sense of love, rebirth, hope, and commitment to life. As with so many horrific episodes in our country's history, I am proud at how we Americans can come together as one to help, heal and rebuild. In today's divided times, it is refreshing to see people from all walks of life come together to remember and pay tribute to the selflessness of others.

All the best for a wonderful holiday season, once again shared with family and friends!

Sincerely,

Donald Fox

Burrillville Redevelopment Agency

James Langlois, Chairman

Downtown Pascoag Redevelopment District

It has been a busy summer in downtown Pascoag with construction taking place at three locations. Leading the way is the rehabilitation of the former Industrial National Bank building by Well One Primary Medical and Dental Care. The two-story structure will house medical and administration services and further expand their ability to serve the community.

More parking is on the way with the expansion of the municipal lot on Park Street being constructed by the Department of Public Works and Engineering which will add 28 additional spaces to help alleviate the parking crunch on a much busier Main Street. In the planning stage, this site will feature a new green space park with decorative paver pathways, retaining walls, 600 square foot stage area, flowering trees, lawn seating, Historic Pascoag story board, and a relocated historical fountain.

Gonyea Park

Plans are underway to enhance this area by adding a shade structure and an aesthetic noise abatement fencing or natural fencing on the east side of the Pascoag River between the park and Dunkin Donuts to provide a more peaceful and comfortable setting.

High Street Park

Continuing with the green space and riverwalk theme this area along the west side of the Pascoag River will have picnic tables, seating area, play features, and limited parking. Future plans call for a pedestrian bridge spanning the river and connecting to the Pascoag Riverwalk.

Nasonville Village

Planning for future improvements continues to move forward. Recently the Burrillville Redevelopment Agency and the Burrillville Planning Board approved plans for Nason Mill Landing (former Turex Mill), 770 Douglas Pike, as presented by owners Dennis Darveau and Jeff Lambert. The project will utilize and improve the existing structure to accommodate 67 one and two bedroom residential units with indoor parking, health and fitness center, and roof top patio. Site will also feature three retail shops and restaurant overlooking the Branch River. The revitalization of this property will serve as a catalyst for further redevelopment in Nasonville Village and will be enhanced by road and traffic improvements being considered by RIDOT for Douglas Pike and the Nasonville Stone Arch Bridge.

Stillwater Redevelopment District

This year's improvement to the pavilion area is the completion of a new restroom facility featuring separate ladies and men's room with hot water and flush toilets. Facility has been in use all summer during various events and is a great enhancement to the area.

Want to rent the Pavilion for your next event? Contact the Burrillville Parks and Recreation Department at: 401-568-9470.

There is no excuse not to find your way to the Burrillville Recreation Trail. New signs pointing the way were installed in the spring on Tinkham Lane, Mowry Street, Chapel Street, Pascoag Main Street, Elm Street, and Eastern Avenue. Parking is available on Tinkham Lane, Chapel Street at the Skate Park and American Legion Hall, and in Pascoag at the end of Eastern Avenue.

WellOne Primary Medical and Dental Care, which is well established in downtown Pascoag, has purchased the former Bank of America building and surrounding properties at 55 Pascoag Main Street. Their expansion will continue to improve the quality of health care in our area, create employment opportunities, and draw people to the business district. Planning for this project is in the development stage. We are excited for them and the positive impact it will have.

The goal of the revaluation project is to determine the market value of all taxable properties within the Town as of December 31, 2021. The last revaluation was conducted in 2018 and was a statistical revaluation. This 2021 revaluation is a full revaluation which usually includes interior and exterior inspections of every property within the Town. However, due to COVID, only exterior inspections are being conducted. A form from Northeast Revaluation Group LLC will be mailed to each property owner mid to late October. This form will contain important information about your property that is used to assist in the revaluation project. Please take the time to review the information and check for accuracy. The new values from this 2021 full revaluation will take effect for the 2022 Tax Roll.

Exemptions available to Burrillville taxpayers include: Senior, Disability, Blind, Veterans, Prisoner of War, Gold Star Parent and a Historical Cemetery Preservation Property Tax Abatement. Announcing the Burrillville Tax Stabilization and Tax Credit Program

Burrillville is offering a tax incentive program to encourage improvements to properties in certain distressed areas of town. **Tax incentives for physical improvements to commercial, industrial, mixed-use buildings and apartment buildings with six or more legal units.**

Eligible areas include parts of Harrisville, Pascoag, Nasonville and Mapleville. See maps within ordinance for specific locations.

Eligible improvements include full or partial rehabilitation of walls, windows, roofs, siding, historic preservation, façade improvements, required code upgrades and energy efficiency improvements.

- **Tax Credits** are for eligible for physical improvements to existing buildings. Improvements made must cost a minimum of \$2,500 up to \$100,000 for a term of 3 years from the date of improvement.
- **Tax Stabilization** are for eligible new construction, such as new buildings or additions to existing buildings for a term of 7 years from the date of improvement.

Projects estimated to cost over \$100,000 will require Town Council approval and a public hearing.

The way it works is simple. If a project will result in a substantial rehabilitation or improvement cost (at least \$2,500 in value), a portion of the taxable value directly generated by the renovation could be free from the levying of property taxes for up to three or seven years depending on if it is a credit or stabilization.

Please check with us before starting a project. You must apply and be approved before you start your project. For more information on how to apply, contact the Tax Assessor's office 401-568-9452 or see the town website: https://library.municode.com/ri/burrillville/codes/code_of_ordinances?nodeId=PTIIREGEOR_CH25TA_ARTIIEEX_S25-48TALEST

Recycling News & Updates

Burrillville's current recycle rate is 27.4%. Residents continue to do a great job, however there are many items still ending up in recycling carts that are not recyclable and are causing recycling loads to be rejected. Recycling loads that are contaminated or contain prohibited items cost the Town \$250, and all the contents of that load must be landfilled at \$47/ton. An average recycling load from Town weighs about 5 tons, meaning a rejected load costs the Town about \$485.

While nobody's perfect and mistakes happen, please do your part to keep the following items (all seen recently in the recycling) OUT of your recycling bin:

Food, leaf and yard debris, construction and demolition debris, clothing, textiles, and tarps, plastic bags, recyclables IN plastic bags, diapers, tires, chains, cables, wires, ropes, hoses, household hazardous waste, propane tanks, scrap metal and paint.

Please take the time to review the list of accepted items and contact the Recycling Coordinator with any questions. For any questions on the Do's and Don'ts of recycling in RI, please visit www.RecycleTogetherRI.org, or call the Town's Recycling Coordinator at 568-4440 x12 or ahall@burrillville.org.

MURPH PROGRAM: The Burrillville Police Department created the Murph Program as a means of registering special needs residents of all ages into the Police Department database. This voluntary program allows loved ones to register the special needs individual by filling out a questionnaire designed to assist the Police Department by identifying the individual's needs—social, emotional, and physical—when it comes to understanding and interacting with members of law enforcement. Call the Police Department for more information on this program that is dedicated to identifying and protecting our community's most vulnerable residents.

Animal Control is proud to welcome Daniel DiBattista as our new full time Deputy Animal Control Officer. Dan previously worked with us as our part-time Assistant ACO from 2003-2014, when changes in his full-time employment schedule caused him to leave. In addition to his experience here, Dan has over 23 years of experience as a zookeeper. He has extensive knowledge of exotic animals, reptiles, livestock, and wildlife, and will be a great resource for the Town. Dan will be working primarily afternoon/evening shifts and Saturdays. We are excited to have him back on the team!

With fall upon us, the holidays will approach quickly. Please remember that pets are rarely a good gift idea. If you are considering giving a pet as a gift, make sure that the person receiving it truly wants a pet and is capable of caring for it physically and financially. Pets require a commitment of time and money, and many end up in shelters because unprepared owners are unable to take proper care of them. Consider purchasing the pet supplies needed with the promise of a pet after the holidays. This ensures that obtaining a pet is not on impulse and gives the receiver adequate time to consider the best type of pet and what care it will require. Arriving in a new home during the holidays can be extra stressful on a pet with all the excess company, or absences, and noise. Not to mention the additional hazards such as tinsel, ornament hooks, glass decorations, etc. For parents giving a pet as a gift to a child – remember that no matter what promises your child may make regarding taking care of a pet, the responsibility for ensuring the pet is properly cared for will be yours. After the novelty wears off, you are the ones left with the care of the pet while your children become interested in other things. Please make sure you are ready for that commitment before giving your child a pet.

When adopting a dog, please do your research. Be extra careful when adopting a dog that originates from out of state. Private rescues importing dogs from out of state are required to be licensed with RI DEM Division of Agriculture – Animal Health. There are specific health guidelines that must be followed in order to bring dogs into RI. These policies are in place to protect you, as the adopter, and pets that are already living here in the state.

There have been numerous cases of illness documented in dogs brought in from the south, most often in scenarios where they have been imported by unlicensed parties that have not met the required health requirements. Please educate yourself and make sure you are adopting from a reputable group licensed to operate in RI.

We would like to remind everyone to check their pets' vaccinations. Rabies vaccines are required for all dogs, cats, and ferrets. Although Rabies is the only legally required vaccine, other vaccines are important too. There continues to be an increase in canine parvo activity in Rhode Island and all over New England. This is a highly contagious virus which is easily transmitted. It is prevented by vaccinating, but is extremely costly to treat and can be fatal to your dog.

Reminders: There is a leash law in effect for dogs. All dogs must be leashed when off the property of the owner. All dogs must be licensed. Licenses can be obtained at Town Hall with proof of a current Rabies certificate. We have recently seen an increase in the number of dog bites "at large". Please be a responsible dog owner and make sure that your dog is properly confined for public safety. There is also a dog waste ordinance in effect. Failure to remove dog waste is an environmental and human health hazard. Dog waste can transmit disease that is communicable to other animals as well as humans and can contaminate out water ways. It is also very unsightly and smelly when people are trying to enjoy an outdoor space where people frequently walk dogs. We ask that everyone please make the effort to be responsible and clean up after your pet. It is the right thing to do and an obligation of being a pet owner. Burrillville has a limit of three dogs per single family residence, and two dogs per apartment/condo/multi unit. Excess dogs require a kennel license be obtained via the Zoning Board and Town Council.

A note about bird feeders. They attract beautiful birds that many people enjoy watching and photographing as a hobby. But they also have a nuisance side. Feeders not only attract birds, they attract mice and other small rodents, such as rats, chipmunks, and squirrels as well as animals such as skunks and raccoons, all of which carry fleas and ticks. The white mouse plays a big role in the spread of Lyme Disease and is an expert at invading homes, where it rapidly reproduces. The attraction of small rodents and animals is also often followed by the larger mammals that prey on them. An excess of bird feeders and the excessive birds attracted to them can cause a whole host of potential problems. Bird feces can contaminate human food and water sources, fecal dust can be inhaled into the lungs, direct contact with bird feces to a wound can result in infection, and they also harbor fleas, ticks, mites, and other parasites. Birds can carry several hundred different viral and bacterial agents. Birds can also be quite destructive to human property, causing corrosion with the buildup bird waste. The intent of this article is to educate and ask that people be reasonable and responsible in their feeding of birds. Limiting the number of bird feeders on your property will aid in controlling the number of birds nesting in the area of your home and those that surround it. When large amounts of birds are attracted to one small area, the feeding party may enjoy watching the birds, but the consequences of the high population can cause a nuisance to your neighbors as well as a health hazard to all of you. We ask that everyone please consider limiting the number of feeders on your property and being considerate of neighbors that do not have feeders and may be affected by all of the nuisances that can accompany a large number of birds. We thank you for your consideration.

As we continue our efforts to control the stray and feral cat population, please remember that all cats are required to be spayed/neutered by the age of six months so that they are not able to contribute to the population of unwanted pets. Luckily, there are low-cost options available. Burrillville Animal Control continues to host low cost spay/neuter clinics for cats on a monthly basis. Services are provided by Dr. Ryan Loiselle of Salmon River Veterinary in their mobile surgery unit, and clinics are held on the Shelter premises. These clinics are for cats only, and the cost is \$100 which includes

the spay/neuter surgery as well as Rabies and FVRCP vaccines. Registration is made by contacting Salmon River Vet at 401-793-0092, or you may visit their website at www.rimobilevet.com.

Low cost spay/neuter services are also available through Potter League's Community Spay/Neuter clinic. This clinic provides discounted spay/neuter services for dogs and cats, with extra discounts for feral cats and pit bulls. For more information, you can reach them at 401-369-7297, or visit their website at www.oceanstateanimalcoalition.org.

Important safety tips:

- Do not approach stray animals. Please love your own, leave others alone.
- Avoid all contact with wildlife. Rabies continues to be a serious issue in the local wildlife population. Report any sick wildlife to DEM or Animal Control. All human and domestic animal contacts with wildlife should be reported.
- Do not feed pets outside, and please do not feed wildlife.
- Place identification tags on your pets' collars so they can be returned to you if lost.
- Make sure that your pets are properly secured and have plenty of fresh water available at all times.
- Many plants and foods are toxic to animals. You can find plenty of information regarding potential hazards of plants, foods, medications, etc. at <http://www.asPCA.org/pet-care/poison-control/> .
- Be aware of spills of auto antifreeze/coolant. It is deadly to pets.
- In cold weather, bang on your hood before starting your vehicle. A cat or other small critter may have climbed in for a warm place to sleep.
- Contact our office at 568-9480 with questions, concerns, and animal-related complaints.

Animal Control continues to see a disturbing number of intentionally abandoned animals, some in horrific condition, and they need our help. We are proud to work in a community of such generous and caring supporters, and thank you all for your contributions. Working at Animal Control can be stressful and hard on the heart at times, but our reward is seeing debilitated animals recover, and placing as many pets as possible in happy and loving homes. We see a lot of sadness and irresponsibility, and along the way we meet wonderful people who want to help and adopt. It is these people who restore our faith and keep us working hard for the animals. Product donations are gladly accepted. Please call to see what items we need most. The Shelter will continue to be in need of ongoing cash donations to cover veterinary expenses. These donations are used solely for veterinary expenses so that we may ensure the best outcome for animals in our care, and healthy pets to those who adopt. Anyone wishing to donate can do so in person at the Shelter, or by mail to: Burrillville Animal Control, 105 Harrisville Main Street, Harrisville, RI 02830. There is also a PayPal link available on our Town website page.

Career and Technical Education Pathways at BHS

Have you heard about the amazing **Career and Technical Education Pathways** available to students at Burrillville High School? A **CTE pathway** is a sequence of three or more specialized courses within a student's area of career interest. Pathways are designed to connect high school classes to college, industry certifications, and/or a career. Our pathway programs include opportunities for students to participate in industry-based projects and internships. Many result in industry-specific certifications that students can take with them when they graduate. The Burrillville School Department recognizes that there are many different ways for students to achieve an education that prepares them for life beyond high school, and we are striving to provide a learning environment that allows all of our students to reach their individual goals.

Burrillville High School proudly offers **TEN** different career and technical pathways to our students. Our Environmental Science, Project Lead the Way Engineering, Project Lead the Way Biomedical Science, Construction Management, Education, Graphic Communications and Law and Public Safety programs are endorsed by the RI Department of Education. Three additional locally approved pathways are Computer Science, Business and Finance, and Biotechnology.

Burrillville Extended Care a well-established child care program right in your own Community!

BEC originally began in 1996 under Just for Kids daycare in order to develop a before/after school program to meet the growing needs of the Town of Burrillville. In August of 1997, the Burrillville School Committee decided to lend their support to a new program, that quickly flourished into what we know today as Burrillville Extended Care. The School Committee discovered that quality educational programs and child care was difficult to find for the working families of the Town. This struggle was the catalyst that drove the Burrillville Parks and Recreation Department to put all of their time, faith, heart and soul into developing Burrillville Extended Care.

After countless hours of hard work, advertising, registering and a lot of convincing, the School Department along with the Town's Recreation Department opened the first B.E.C. Center at the Steere Farm Elementary School. In September of 1999, the Program had grown so much that a second site was added at the W.L. Callahan School. Then in January of 2006, it became official! B.E.C. was made into its own Department under the Town of Burrillville.

****B.E.C. is HIRING!****

If you love working with children and you are interested, please logon to: <https://www.burrillville.org/burrillville-extended-care-program/files/employment-application>

*The BEC Program is adhering to and following all recommended CDC guidelines as well as aligning our program to meet the standards set by RI DHS and the RI DOH. We are also following **ALL** school guidelines as well. Thank you for your understanding.

The B.E.C. Program accepts children entering grades Kindergarten thru Seventh grade and have not reached the max age of 13. This age requirement is due to our licensing through RI DHS.

The Burrillville Historical & Preservation Society's mission is to preserve and protect Burrillville's history. The Society normally meets on the 4th Tuesday of each month at 7 p.m. at its headquarters, the Bridgeton School in Pascoag; however due to the pandemic, meetings have been canceled until further notice. This 1897 schoolhouse serves as a repository for a collection of photos, documents, histories, scrapbooks, cemetery information, clothing and artifacts. If you have old photos you'd like to share, we can scan them and return your originals.

Did you know that Burrillville has 130 historical cemeteries? We are always looking for volunteers to help us with cemetery cleanings. The work involves cutting brush, weed-whacking and raking leaves. We especially need volunteers that can weed-whack.

Even if you can volunteer one hour of your time in a year, the help would be greatly appreciated. This is a great opportunity for high school students to get their community service hours for graduation. Contact us if you'd like information on our adopt-a-cemetery program.

"Burrillville Revisited", the new Images of America book is now available for purchase. This book contains more than 200 historical photos with captions of Burrillville on the following topics: Mills; Houses and Businesses; Farms; Influence of Austin T. Levy; Spring Lake; Hurricanes, Floods, Blizzards; Parades; Transportation; and Stories from the Grave. It was written by Betty Mencucci on behalf of the Historical Society. Contact the Society to purchase a copy or come to one of our special events.

We have a number of special events scheduled during the year including a Holiday Bazaar in November.

Burrillville Land Trust

PO Box 506

Harrisville, RI 02830

Phone: (401) 447-1560 Email: info@burrillvillelandtrust.org

The Burrillville Land Trust is an all-volunteer, 501(c)(3) private land trust in the Town of Burrillville. Founded in 1999, the mission of the Burrillville Land Trust is to preserve and protect the rural character of the Town of Burrillville through education, acquisition and advocacy. We own 229 acres spread among 10 parcels of land and we hold one conservation easement on an 11-acre parcel all within the Town. While we are not connected with the Town government, we enjoy a good healthy relationship with many of the Town's organizations in providing recreational hiking, bird watching and many events on many of the properties owned by the land trust.

In this time of growing global environmental crisis, preserving our lands, maintaining our sense of place, and increasing our protected forested lands is more important than ever. That is why we took a major role in preventing a fracked gas fossil fuel power plant from being built in northwest corner of Burrillville and why we are currently raising funds to preserve the iconic Sweet's Hill property located on East Avenue, Route 107 in Harrisville.

Please visit our website burrillvillelandtrust.org or even better, visit our newly opened Bobcat Loop Trail on our showcase property, The Edward D. Vock Conservation Area on Jackson School House Road in Pascoag. Our board meets via Zoom at 6:30 on the second Monday of the month. Contact Paul Roselli at (401) 447-1560 for further information.

BLT TIP: If you want birds and bats on your property, stop spraying chemicals that kill all the insects. That is what birds such as turkeys and bats look for and eat.

HISTORY

The Pascoag Public Library is an integral part of the history of the Town of Burrillville. It was the first library in the Town, founded in 1871 by a women's group called the Pascoag Union Sewing Society. In 1873, they renamed themselves the Ladies Pascoag Library Association, appointed a librarian, and purchased 163 books, which were housed in the librarian's local store.

The Library moved four times between 1883 and 1899 when Samuel Mellor offered the use of a room rent free over his mill office on Sayles Avenue where it remained until 1913 when it moved to the Steere Building on Main Street. At this time, charges associated with the loan of books were discontinued and the library became known as the Pascoag Free Public Library.

A bequest of \$500 from Miss Rosamond A. Steere stipulated that the money be used for a free public library building within ten years. This started the building fund, which grew through numerous fundraisers and donations. The library's current home at 57 Church Street was erected in 1924. By 2010, it was clear that the library needed room to grow. With grants from the Champlin Foundation and the Levy Foundation, the library added a 36x22 foot addition, nearly doubling its size. Construction was completed in June 2011, at the 140th anniversary of the library's founding.

The Library is privately owned by the Ladies Pascoag Library Association and governed by the Board of Trustees, which is still composed of all women.

Boy, Cub, & Girl Scouts of America

Cub Scouts is a program for kindergartners through fifth graders of both boys and girls. Scouts BSA teaches while having fun, focusing on character development, teaching practical skills and enhancing their community spirit. Cub Scouts are made up of Den's (groups of Scouts) for each grade. They meet once a week during the school year and then get together for a Pack meeting once a month to show what they've learned and receive their awards. There are two Cub Scout packs in Town.

- For more information about Pack 1 Pascoag, please contact Florence Stevens at 401-692-6716, or by email at newtfla@gmail.com
- For more information about Pack 102 Mapleville, please contact Chris Samek at 401-568-2220 or by email at cfsamek@cox.net

Boy Scouts begin in fifth grade and can stay in until they're 18 years old. Girls can also join this program, now called Scouts BSA, but are separate from the boys. Every day they are encouraged to live by the 13 points of the Scout Law by being trustworthy, loyal, etc. They are taught skills of the world around them by earning merit badges. Boy Scouts are grouped by rank, not by grade with the highest rank being Eagle Scout. The Troops are separated into groups of similar ranks and skills, called Patrols. All the Scouts meet once a week and have a "Court of Honor" 3 times a year where they are recognized and are presented their awards. There are 2 Troops in town.

- For more information about Troop 1 Pascoag, please contact Newton Stevens at 401-568-0395 or newtfla@gmail.com

The Burrillville Farmers Market Association is a nonprofit organization, whose mission is to promote and market the products of local farms and artisans in our beautiful, rural community and surrounding areas. We hope you'll support us, as we strive to bring a diverse shopping experience, while reducing our carbon footprint and encourage a more sustainable and stronger local food system.

We had a great 2021 season, thanks to some wonderful vendors & our supportive community. It was so wonderful to see everyone and to be able to bring good, locally-produced products to our community. The chickens kept laying eggs, the seeds grew, our farmers worked the soil and were more determined than ever to harvest beautiful food for our community. We're already making plans for a bigger and more diverse market next year! We appreciate your continued support.

We are very happy to continue our Double Bonus Buck Program. Thanks to a USDA grant and Farm Fresh R.I., our locally grown, nutritious food is accessible to all! 100% Bonus Bucks to shoppers using federal SNAP (Supplemental Nutrition Assistance Program). For every dollar you spend with EBT, you get a FREE dollar in Bonus Bucks to spend on fresh fruits and vegetables at the Farmers Market.

Please help us reduce pollution caused by plastic bags by using reusable bags, every day.

The market accepts: Cash, Credit/Debt, SNAP/EBT, WIC Fruit and Vegetable checks, and Senior Farmers Market Nutritional checks.

Thanks to The Town of Burrillville for their continued support.

Thanks to Burrillville DPW and Burrillville Parks & Recreation for all their help and unending Pavilion repairs.

Thanks to all our vendors, volunteers and customers who keep us growing.

If you love Farmers Markets and want to help out, play some music, or be a vendor, contact us; we love to hear from you!

The Autism Project
1516 Atwood Avenue
Johnston, RI 02919
401-785-2666
www.theautismproject.org

As the saying goes, “Knowledge is power.” Access to high-quality information enables us to become better parents, teachers, advocates, and sources of support to our children.

The Autism Project has been a collaboration of parents, professionals, and community members dedicated to providing high-quality and accessible support, training, and programming since 1997. We started out with a focus on children and youth with Autism Spectrum Disorder (ASD), and a goal of increasing the support and education available for individuals with ASD, their parents, and their communities.

With that goal in mind, The Autism Project offers the following for the residents of Burrillville:

- Family navigation and support for parents, caregivers, and family members with developmental concerns or who care for children and youth with an ASD diagnosis. We can provide this via phone, in Burrillville libraries and other central community locations, in-person meetings at our Johnston office. We offer navigation in English or Spanish.
- Training series for parents and professionals.
- A binder of resources at the Burrillville library.
- Year-round social groups and a summer camp for children and youth with ASD and related communication disorders.
- On-site consulting for educators, schools, and organizations.
- National Speaker Conference for Rhode Island parents, professionals, and community members each spring.

We've also learned over the years that many of the supports, programs, and strategies that work well for children with ASD can also benefit all children – especially those with social-emotional, regulation, or communication challenges. Today, The Autism Project considers itself a “hub of hope”: we connect people with a spectrum of needs to the education and resources that support meaningful, purposeful lives.

For more information about The Autism Project and the services and programs we can offer Burrillville residents, call 1-401-785-2666 or visit our website, www.theautismproject.org.
